SUMMARY

- Proficient in Core Java, JDBC, Servlets, Hibernate, and SQL, with a solid understanding of OOP principles.

- Committed to staying current with industry trends and emerging technologies to deliver effective and modern solutions.

TECHNICAL SKILLS

- **Languages & Concepts:** Core Java, OOP Principles, Data Structures & Algorithms, SQL

- **Backend Technologies:** JDBC, Servlets, Hibernate

- **Frontend Technologies:** HTML, CSS, JavaScript

- **Database:** MySQL

EXPERIENCE

Web Development Intern, Codsoft
Virtual Internship — Dec 2023 - Jan 2024

- Completed a virtual Web Development internship at Codsoft, where I enhanced my front-end development skills, problem-solving abilities, and innovation in building user-friendly web applications.

EDUCATION

Terna Engineering College
Bachelor of Engineering in Information Technology   May 2025
CGPA- 8.04

Dipak Aaba Salunke-Patil Science College, Kole   May 2021
HSC , Percentage-87.33%

PROJECTS

AgriConnect
Tech Stack: JavaScript, HTML, CSS, Machine Learning
AgriConnect – Developed a smart agricultural platform that connects farmers with trusted merchants, leveraging machine learning to provide personalized merchant recommendations, real- time APMC market insights, and live commodity price trends for efficient trade decision-making.

FarmEasy Website
Tech Stack: JavaScript, HTML, CSS, PHP
FarmEasy is an online platform that connects farmers and sellers, enabling the seamless trade of crops and fertilizers through a user-friendly interface.
